President's Message

by Steve Rainville

Hello All

I'm here to remind or inform you all that our July meeting had to be moved because of complications with the winery. So the Martin's have stepped up and will host the meeting at their home in down town Auburn. The address is 340 Timberline Lane, Auburn, CA.

If you know a member that does not get the News Letter on-line please take time and give them a call to let them know our meeting has changed locations. Also this meeting will be on a Saturday the 21st; yes that's Saturday the 21st; on Saturday. Did I say Saturday?

Pat has been doing his work and is looking into hotels for our upcoming zone meet. It's a lot of work so if he asks for help please help if you can. If you can't; please try to help anyway. We will be making up other commitments and group to perform other tasks for the zone meet, get ready kids.

Any way that's all I have for now. Life is good the weather is hot and our cars are cool.

Yours Truly Stephen Rainville.

Hi to All my Wonderful Studebaker Family Members,

Summer is here and the Studebaker fun is in high gear. I took my Hawk out every weekend in June and felt like a celebrity rock star with the attention the car received. Forget Christmas—this is the

season for Studebaker sharing. A great big thank you to the Martin's for hosting the July meeting on very short notice.. Happy Studebaking, Tim

Welcome to the Pacific Northwest

Welcome to the beautiful Pacific Northwest, home to the 54th Annual Studebaker Drivers Club International Meet!

The Tacoma Area and Greater Seattle Studebaker Drivers Club chapters are proud to be hosting the 2018 meet and are so lucky to have the [LeMay - America's Car Museum](#), a first-class car museum, right in our backyard. We are looking forward to sharing it and this area with all of you.

This is an exciting time for this region, home to Boeing, Microsoft, Starbucks, Amazon, and almost four million people from all over the world. We are rich with Native American history and heritage, with many cities, (including Seattle and Tacoma), named after Native American leaders and tribes.

There are so many things to see and do here. We have spectacular mountains and hiking trails for those who love the outdoors, world-class shopping, sporting events, arts and culture, famous restaurants, wineries, and breweries. We hope that you will take a few additional days to do some daytripping on your own.

Tacoma, where America's Car Museum is located, is also where most of our meet events will take place. Hopefully you can take time to see some of Tacoma's treasures that include the Chihuly Garden and Glass Museum, Washington State History Museum, Tacoma Art Museum, Ruston Way, Stadium High School, and the fantastic Point Defiance Park, Zoo and Aquarium. From there you can take a ferry to Vashon Island, a gorgeous rural paradise with great roads for a day trip in the Studebaker.

Seattle is one of the fastest growing cities in the United States and has so many activities. Some of the best include the Seattle Center and Space Needle, Pike Place Market, Pioneer Square, Seattle Art Museum, Museum of Flight, Seattle Waterfront and Great Wheel, Seattle Aquarium, and Alki Beach.

Wednesday, the first day of the meet, AOAI and LeMay ACM will be displaying and examining the histories of [Avanti #R1001](#), the first production Studebaker Avanti, and [Avanti Prototype #R5653](#) with seminars at the museum. Both cars will be on display at the Museum. This event is in partnership with the Avanti Owners Association International and Studebaker Drivers Club, Inc., and should be exciting for everyone.

We are planning a driving tour to the other LeMay museum at Marymount, home to several hundred automobiles and other memorabilia. Bus tours to Seattle Center and the Museum of Flight are planned for Thursday and Friday. The Space Needle is the symbol of Seattle, created for the 1962 World's Fair. The bus tour will also include a stop at the world-famous Pike Place Market. The Museum of Flight is amazing, home to many vintage and historic aircraft like a British Airways Concorde and the Boeing 707-120 "Air Force One" that was delivered to President Eisenhower in 1959.

For other travel, vacation ideas, and fun things to do while you are here, please check www.TravelTacoma.com and www.VisitSeattle.org.

I look forward to the meet and the exciting events we have planned for you.

Warm regards,

Laurel Berry

Muscle Car Madness

Rocker Alice Cooper crowds his garage with vintage vehicles

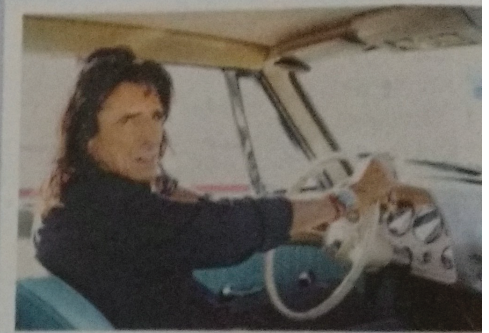

MY DAD WORKED for Plymouth. The first family car I can remember was a 1954 Plymouth Belvedere. Then, in '55, we got another one, and in '56, '57, '58. Our car always had plastic seats; if you slid across, you'd get a shock.

In high school I bought a '66 Fairlane GT 390—canary yellow with black racing stripes and four on the floor. It was brand-new. I was playing in the Spiders then, and I was clearing \$250 a weekend. Everybody else was driving their parents' station wagon to school, and we

drive up in these cars, because we were the Spiders!

I love to buy and sell cars. When I drive a new car home, my wife, Sheryl, just goes, "Oh, that's nice, dear." Right now I've got a white '63 Avanti. I've got a 2015 convertible Hemi Barracuda—lime green, thank you! I think four or five cars are the most I've ever had at one time. That's as many as I have room for.

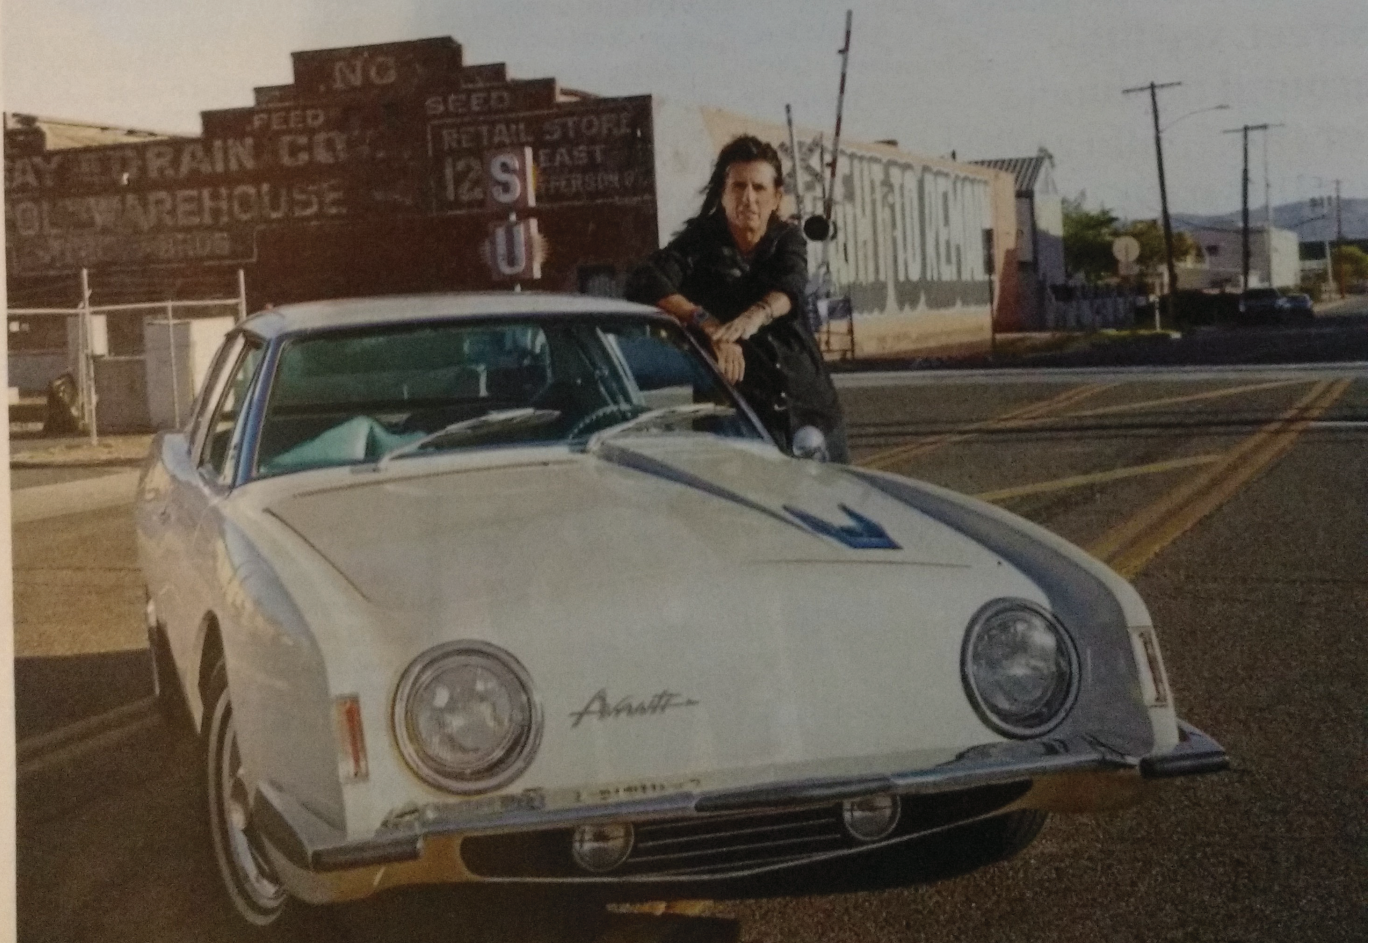

No matter how old you get, you never lose the feeling that cars are freedom. Starting when you're 16, you don't have to wait for Mom to take you; you don't have to wait for Dad to pick you up. And your

car, especially your first car, ends up being your best friend.

—As told to Katherine Turman

Alice Cooper, 70, has released dozens of albums, six of which went platinum. His 2018 U.S. tour runs from August through October.
